

ARIZONA INTERFAITH NETWORK

April 2, 2016

Governor Doug Ducey
1700 West Washington Street
Phoenix, Arizona 85007

Dear Governor Ducey:

We, the clergy of the Arizona Interfaith Network* and its four member affiliates, are requesting that you act to protect the health of thousands of low-income children in our state. As you know, legislation that would allow Arizona to receive funding for KidsCare has been approved and passed out of the Arizona House and awaits consideration from the Senate. Left unchanged, the current situation will deny thousands of children regular access to medical care.

We are asking you to use your leadership to lift the temporary freeze on KidsCare to provide more than 30,000 children with lifesaving therapies, doctor visits, checkups and dentists.

These Arizona children live in working households that earn between 139 and 200 percent of the federal poverty level but are unable to obtain AHCCCS services and can't afford to buy health insurance. Typically, these working poor families cannot afford unmet deductibles and insurance premiums even if they are eligible for health care insurance either from the Affordable Care Act or private insurance.

Please consider:

- Arizona is the only state that does not have a children's healthcare program federally known as the "Children's Health Insurance Program" (CHIP).
- Research from Georgetown University cited in local newspapers has found that Arizona has the highest rate of uninsured children in the income bracket mentioned above.
- Children without regular access to primary care often go untreated or wind up in emergency rooms, creating an expensive and unnecessary burden on the health-care system.
- Children who do not have access to regular healthcare do poorly in school.

**The Arizona Interfaith Network includes Valley Interfaith Project, Pima County Interfaith Council, Pinal County Interfaith, Northern Arizona Interfaith Council, and Yuma County Interfaith.*

With your leadership, Arizona can reach a healthier future where employed parents do not have to worry about their sick child and kids are learning better in school because they are healthy --- regardless of their zip code.

We urge you to restore KidsCare in Arizona.

Sincerely,

Robert T. Hoshibata, Resident Bishop, The Desert Southwest Conference, The United Methodist Church

Rabbi John Linder, Temple Solel, Paradise Valley

Rev. Mary Bullis, Red Mountain United Methodist Church, Mesa
